洪門（三合會）歷史 Brief History of the Triads

如中國《太平經》所言：“天地人三才相得，乃成道德”，所謂“三合”乃指「天」、「地」、「人」基本原素，可導致天下和諧，人間太平，使宇宙間充滿創造力。

相傳黑社會始祖「洪門」由一班愛國之士創於十七世紀，立誓反清復明，剷除外來政權。創立初時，洪門透過五個分堂有系統組織全國有志之士，興兵起義，為逃避清政府追緝，洪門兄弟創立暗語和手勢互相辨識。

洪門於二十世紀初於香港建立堂口，成員受號召反抗日軍和共產黨，但隨時代變遷，成員被私慾侵蝕，利用組織賺取利益，造成洪門分裂，分解成數百個堂口。今天的洪門已與黑社會無異，利用非法手段威嚇民眾，直接影響社會秩序，成為香港警方極力打擊的目標。

根據香港警方資料顯示，六十年代香港三百萬人口當中，五十萬人擁有黑社會背景。

The word "Triad" is a purely English derivation from the sacred emblem of the ancient Chinese secret societies - a triangle whose sides represent the three basic powers of Heaven, Earth and Man.

Triad society is thought to have been established in the 17th century. It was a secret society bound by blood oath to overthrow the foreign Manchu Ching Dynasty and restore the Chinese throne. Triad society consisted of 5 lodges, which covered the whole of China. Each lodge had a complex hierarchical structure. This chain of command made it easier to cover wider areas and to control individual sections in relation to the house rule. In order for Triad brethren to identify each other and to escape Manchurian prosecution, Triad Society created a complex system of hand signs, coded language and symbols.

Most of the Triad activity migrated to Hong Kong and abroad as China entered its turbulent 20th century. Triad Societies and its resources were mobilized to battle foreign conquerors as well as the Chinese communist. But over time, the original aims and practices of the Triad disappeared. Individual and factional ambition gradually led to the complete breakdown of central control; and the organization disintegrated into hundreds of separate societies. Triad members became pre-occupied with personal and, all too often, petty schemes.

Today, Triad gangs bear little resemblance to the original brotherhood. Average citizens refer to the Triad as "The Black Society" - a sinister and no longer mystic and patriotic brotherhood of man. It was estimated that in 1960 that one in six members of the 3 million inhabitants of Hong Kong were in some way connected to a Triad group - the vast majority being inactive members.
